Camps, Sports and Excursion Fund (CSEF)

By now you would have received the CSEF form sent home last week. If you hold a valid means-tested concession card or are a temporary foster parent, you may be eligible for CSEF. The allowance will be paid to the school to use towards expenses relating to camps, excursions, or sporting activities for the benefit of your child.

The annual CSEF amount per student will be:
- $125 for primary school students
- $225 for secondary school students

Closing date for your CSEF application form to be lodged at the school is Friday June 26th 2015.

Please note that your Centrelink card must be presented to the school office for verification.

How to complete the application form

NOTE: ALL SECTIONS MUST BE COMPLETED BY PARENT/LEGAL GUARDIAN

1. Complete the PARENT/LEGAL GUARDIAN DETAILS section. Make sure that the Surname, First Name, and Customer Reference Number (CRN) details match those on your Centrelink card - unless you are claiming as a Foster Parent or Veterans Affairs Pensioner. You will also need to provide your Centrelink card to the school.

   - enter SURNAME AND FIRST NAMES in full.
   - enter the DATE OF BIRTH e.g. 15/09/2008.

3. Sign and date the form and return it to the school office.

CSEF payments cannot be claimed retrospectively for prior years.

Queries relating to CSEF eligibility and payments should be directed to the school.

Principal’s Message

This Friday is a curriculum day for staff. This is an opportunity for our staff to collaborate with colleagues on areas of importance for the students and school. Two professional learning teams will be hosting the presentations and workshops, deepening professional knowledge and refining skills in the areas of Positive Behaviour Support and Digital Technologies.

Developing a Whole School -Positive Behaviour Support program relies on a clear vision, common language and predictable and efficient system of routine within the school environments. On Friday morning, staff will work on developing a matrix of expected positive behaviours for a range of learning environments at school.

During the afternoon our ICT team will collaborate with staff on refining our digital technologies vision, explore what it means and how it translates into practice in the classroom and other learning environments. We will identify individualised goals for knowledge and skill development which supports the embedding of digital technologies into teaching practice to support student learning and progress.

I wish you all a safe and relaxing long weekend.

Regards
Susan Merjan
