At Bulleen Heights School many digital photos and digital videos are taken of the students during class and special events. These images and videos are used to support teaching and learning programs at BHS as well as to celebrate student achievements.

In order for the School to use your child’s photograph / video / work samples we need your written permission. This Consent Form applies to –

- the school newsletter – The Bulletin
- school magazine
- the BHS website
- teaching and learning displays
- video modeling and movie making

In any online publications only your child’s first name would be used in any accompanying caption or text.

For feasible implementation of this consent, the form is designed in an ‘all or nothing’ format. For example, there is NO option to consent to the newsletter but not the website.

Please note that this form does NOT apply to local newspapers or TV networks. A separate consent form (from the media concerned) would be required.
